## Independent Auditor's Report

To the Board of Directors  
Tower Foundation of San José State University

### Report on the Financial Statements

We have audited the accompanying financial statements of the Tower Foundation of San José State University (a California State University auxiliary organization) (the Foundation), which comprise the statements of net position as of June 30, 2018 and 2017, and the related statements of revenues, expenses and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Tower Foundation of San José State University as of June 30, 2018 and 2017, and the changes in its net position and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 7 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Foundation's financial statements. The accompanying schedules, listed in the table of contents as supplementary information, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

**Management's Discussion and Analysis**

This section of the Tower Foundation of San José State University's (the Foundation) annual financial report includes management's discussion and analysis of the financial performance of the Foundation for fiscal years ended June 30, 2018 and 2017. This discussion should be read in conjunction with the financial statements and notes to the financial statements.

**Introduction to the Tower Foundation**

The Foundation, formed in April 2004, provides a means, through membership on the board of directors, to engage prominent alumni and citizens in the life of San José State University (SJSU or the University). Board members play a critical role in shaping the philanthropic strategy and work closely with the University president to reach out to graduates and businesses to build commitment to the University.

The Foundation receives donations in the form of cash, stock, pledges, and planned giving vehicles. These gifts support a vast array of student scholarships, as well as vibrant programs throughout the University. Many of these gifts are provided for investment in the Foundation's endowment, which is vital to the University's ability to sustain the highest quality of education and research.

The Foundation's board of directors is composed of up to 43 community members, most of whom are SJSU alumni. Members are appointed for three-year terms. Four ex-officio members, including the University president, serve on the board as well. The board advises the president and Foundation management on general campus issues, investments, audit compliance, campaign development, public relations and long-range planning. It is the responsibility of each board member to take a leading philanthropic role by making annual contributions to SJSU.

**Introduction to the Financial Statements**

The Foundation's financial statements include the statements of net position, the statements of revenues, expenses and changes in net position, and the statements of cash flows. These statements are supported by notes to the financial statements and Management's Discussion and Analysis. All sections must be considered together to obtain a complete understanding of the financial picture of the Foundation.

**Statements of net position:** The statements of net position include all assets and liabilities. Assets and liabilities are reported on an accrual basis as of the statement date. The statements also identify major categories of restrictions on the net position of the Foundation.

**Statements of revenues, expenses and changes in net position:** The statements of revenues, expenses and changes in net position present the revenues earned and expenses incurred during the year on an accrual basis.

**Statements of cash flows:** The statements of cash flows present the inflows and outflows of cash for the year and are summarized by operating, financing and investing activities. These statements are prepared using the direct method of cash flows and, therefore, present gross rather than net amounts for the years' activities.

**Management's Discussion and Analysis  
Years Ended June 30, 2018 and 2017**

---

Administration fee income increased by \$0.6 million from FY 2017 to FY 2018 due to an increase in grant accounts with higher administration fee structure. It decreased by \$0.3 million from FY 2016 to FY 2017 due to a change in administrative fee structure for endowment funds.

Other operating revenues remained consistent from FY 2017 to FY 2018 and from FY 2016 to FY 2017.

**Operating expenses:** Expenses for support activities of SJSU are principally the use of gift funds for programs, scholarships and other academic activities of the University. These expenses decreased by \$1.9 million from FY 2017 to FY 2018 and increased by \$8.7 million from FY 2016 to FY 2017.

General and administrative expenses decreased by \$0.1 million from FY 2017 to FY 2018 and increased by \$0.3 million from FY 2016 to FY 2017. General and administrative expenses represent 10.8 percent, 10.4 percent and 5.2 percent of operating revenue in 2018, 2017 and 2016, respectively.

**Nonoperating revenues (expenses):** Nonoperating revenues (expenses) come from sources that are not part of the Foundation's primary business functions. Included in this classification are interest expense, investment income, realized gains and losses on investment sales, and changes in the fair value of investments.

Investment income decreased by \$7.6 million from FY 2017 to FY 2018 and increased by \$19.0 million from FY 2016 to FY 2017 due to changes in the fair value of investments.

**Notes to Financial Statements**

---

**Note 1. Nature of Organization and Summary of Significant Accounting Policies**

**Organization:** The Tower Foundation of San José State University (the Foundation), a nonprofit organization incorporated under Internal Revenue Code (IRC) 501(c)(3), is an auxiliary organization of San José State University (the University) and the California State University System. The Foundation's mission is to advance the welfare of the University and assist in fulfilling its objectives, to supplement programs and activities of the University, and to promote and assist the educational services of the University. The Foundation receives funding from various sources and also manages the use of such funding for the benefit of the University. The Foundation utilizes endowment management and administrative fees to cover the cost of operations and administration of the Foundation's activities, including personnel and administration.

The Foundation was incorporated in the state of California in August 2004 and was granted its 501(c)(3) tax-exempt status in October 2005.

**Affiliated organizations:** The Foundation is related to the University and its other auxiliaries. The auxiliaries and the University provide various services for one another and collaborate on projects. The Foundation is a Component Unit of San José State University.

Summary of significant accounting policies is as follows:

**Basis of presentation:** The financial statements of the Foundation have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Foundation uses the full accrual basis of accounting where revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of the related cash flows.

**Classification of current and noncurrent assets and liabilities:** The Foundation considers those assets to be current that can be reasonably expected, as part of its normal business operations, to be converted to cash and be available for liquidation of current liabilities within 12 months of the statements of net position date. Liabilities that can be reasonably expected, as part of normal operations, to be liquidated within 12 months of the statements of net position date are considered current. All other assets and liabilities are considered to be noncurrent.

**Cash and cash equivalents:** The Foundation considers all highly liquid investments with original maturity dates of three months or less and certificates of deposit that are deemed readily convertible to cash to be cash equivalents. The Foundation maintains its cash and cash equivalents in bank accounts which, at times, may exceed federally insured limits. The Foundation had \$8,720,513 and \$6,943,437 held in bank deposits in excess of federally insured limits during the years ended June 30, 2018 and 2017, respectively. The Foundation has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash.

**Pledges receivable:** Unconditional promises of private gifts to the Foundation are recorded as pledges receivable and revenue in the year promised, at the present value of expected cash flows. Conditional promises and intentions to give are recognized as receivables and revenue when the specific condition and/or eligibility and recognition requirements are met. There were no conditional promises to give at June 30, 2018 or 2017.

**Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)**

**Funds held in trust:** The Foundation has been named the irrevocable beneficiary for several charitable remainder trusts and pooled income funds for which the Foundation is not the trustee. Upon maturity of each trust and fund, the remainder of the trust corpus will be transferred to the Foundation.

**Nonmonetary gifts:** Nonmonetary gifts consist of donations of securities and other nonmonetary items and are recorded at their fair value at the date of the gift. It is the policy of the Foundation to sell nonmonetary items as soon as practicable.

**Investments:** Investments are measured and recorded at fair value. The value of investments in equity and mutual funds were derived from quoted prices in active markets. The real estate investment is valued based on the appraisal report. Alternative investments include investments in private equity and real estate funds and are valued based on the net asset value of the underlying investments. Realized and unrealized gains and losses are included on the statements of revenues, expenses and changes in net position. Dividend and interest income are recorded when earned.

**Endowments:** Endowments are classified by donor restriction. Investment appreciation and depreciation are presented as restricted expendable net position unless donor restrictions require preservation of investment returns.

**Notes receivable:** Notes receivable that are to be paid over more than one year are discounted at the risk-free discount rate in place at the date of the agreement.

**Compensated absences:** The Foundation accrues vacation benefits for eligible employees at various rates depending upon length of service. Eligible full-time employees accrue sick leave at the rate of four hours per pay period. Employees are not paid for unused sick leave at the end of employment. At June 30, 2018, the Foundation had a balance of \$94,934 of compensated absences. In 2018, \$105,050 of compensated absences was earned and \$92,388 was used. At June 30, 2017, the Foundation had a balance of \$82,272 of compensated absences. In 2017, \$96,126 of compensated absences was earned and \$82,095 was used.

**Net position:** The Foundation's net position is classified into the following categories:

***Restricted nonexpendable net position:*** All net position for which donor-imposed restrictions require that the donated assets be invested in perpetuity to provide a permanent source of income is reported as restricted nonexpendable net position. Net position in this category consists of endowments held by the Foundation.

***Restricted expendable net position:*** All net position received, subject to donor-imposed restrictions, which requires that the resources be used in a specified future period or for a specified purpose, or both, is reported as restricted expendable net position.

***Unrestricted net position:*** All net position that is not subject to donor-imposed restrictions is reported as unrestricted net position. In addition, unrestricted net position may be designated by the board of directors of the Foundation. Revenues are generated through unrestricted gifts.

**Revenue:** Revenue from gifts is recorded as revenue when it is verifiable, measurable and all applicable requirements have been met. Gifts subject to donor restriction are reflected as restricted expendable or restricted nonexpendable revenue, depending upon the nature of the donor restriction. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, restricted expendable net position is reclassified to unrestricted net position.

**Notes to Financial Statements**

---

**Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)**

Income, realized and unrealized gains and losses from investments, and all other revenue are recorded when earned.

**Income taxes:** The Foundation is exempt from federal income taxes under Section 501(c)(3) of the IRC as a nonprofit organization whereby only unrelated business income is subject to federal income tax. Accordingly, no provision for income taxes has been recorded. Form 990, filed by the Foundation, is subject to examination by the Internal Revenue Service up to three years from the extended due date of each return. Generally, the Foundation is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2015.

**Use of estimates:** The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

**Note 2. Pledges and Bequests Receivable**

Outstanding pledges receivable at June 30 are as follows:

	2018	2017
Less than one year	\$ 5,571,883	\$ 7,307,980
One to five years	15,120,487	15,035,962
More than five years	3,154,028	3,533,537
	<u>23,846,398</u>	<u>25,877,479</u>
Less discount to present value	(1,426,374)	(1,385,030)
Less allowance for uncollectible pledges	(476,928)	(517,550)
	<u>\$ 21,943,096</u>	<u>\$ 23,974,899</u>

Pledges receivable are classified as following on the accompany statements of net position at June 30:

	2018	2017
Current	\$ 5,460,445	\$ 7,161,820
Long-term	16,482,651	16,813,079
	<u>\$ 21,943,096</u>	<u>\$ 23,974,899</u>

Pledges due beyond one year have been discounted at an annual rate in a range between 0.70 percent and 4.50 percent. The Foundation has not experienced significant losses on pledges and, therefore, management has determined that the allowance for uncollectible pledges has been appropriately estimated at approximately 2 percent of pledges.

**Note 2. Pledges and Bequests Receivable (Continued)**

Bequests receivable at June 30 are as follows:

	2018	2017
Total bequests	\$ 9,900,000	\$ 7,500,000
Less discount to present value	(4,664,534)	(3,815,384)
	<u>\$ 5,235,466</u>	<u>\$ 3,684,616</u>

Irrevocable planned gifts are recorded when received and are discounted to their present value based on the life expectancy of the donor. The planned gifts are generally distributed out of the estate of the donor upon his or her death. Bequests have been discounted at an annual rate ranging from 4.93 percent to 5.19 percent.

**Note 3. Notes Receivable**

During 2013, the Foundation received a bequest in the form of an interest in a real estate company. Subsequently, the Foundation sold this interest to the other investors and received a promissory note in exchange. The promissory note bears interest at 4 percent payable in annual installments through July 1, 2020, and is secured by an equity interest in the real estate company. The balance of the note due beyond one year has been discounted at an annual rate of 1.25 percent.

Notes receivable at June 30 are as follows:

	2018	2017
Total notes receivable	\$ 2,206,593	\$ 2,886,283

Restricted cash and investments as of June 30 consist of the following:

	2018	2017
Cash restricted for investment	\$ 2,585,119	\$ 1,129,835
Equity investments - value funds	22,858,061	20,873,064

All asset fund	22,061,050	21,740,008
	<u>\$ 153,940,250</u>	<u>\$ 146,036,110</u>

**Investment policy:** The Foundation's investment policy (the Policy) sets forth the guidelines for the investment of all endowment funds of the Foundation. As a general rule, the Policy conforms to the Prudent Investor guidelines widely used in the investment management industry, the guidelines of Uniform Management of Association for CFA Institute (formerly AIMR), the professional standards established by the Uniform Prudent Management of Institutional Funds Act, and the general fiduciary standards described in the Uniform Prudent Investment Act.

The long-term investment objective of the Policy is to preserve the endowment funds' capital, protect the purchasing power of the endowment funds and provide cash flows to assist in the funding of the Foundation's spending goals. With this in mind, the portfolio shall be invested to provide safety through diversification in a portfolio of common stocks, bonds, cash equivalents and other investments, all of which may reflect varying rates of return. The return objective will be to outperform a custom benchmark made up of 60 percent Russell 3000, 20 percent MSCI ACWI (excluding U.S.) and 20 percent Barclays Capital Aggregate Bond Index over a complete market cycle of three to five years. The total portfolio should also experience less risk, as measured by the standard deviation, than that of a custom benchmark made up of 60 percent Russell 3000, 20 percent MSCI ACWI (excluding U.S.) and 20 percent Barclays Capital Aggregate Bond Index over a complete market cycle of three to five years.

**Interest rate risk:** Interest rate risk is the risk that the changes in market interest rates will adversely affect the fair value of an investment. In accordance with the Policy, the Foundation manages the risk of market value fluctuations due to overall changes in general levels of interest rates by limiting its average maturity of investments within the portfolios.

**Credit risk:** Fixed income securities are subject to credit risk, which is the risk that a bond issuer will fail to pay interest or principal in a timely manner, or that negative perceptions of the issuer's ability to make these payments will cause security prices to decline. The circumstances may arise due to a variety of factors, such as financial weakness, bankruptcy, litigation and/or adverse political developments. A bond's credit quality is an assessment of the issuer's ability to pay interest on the bond and, ultimately, to pay the principal. Credit quality is evaluated by one of the independent bond rating agencies such as Moody's Investors Service or Standard & Poor's. The lower the rating, the greater the chance the bond issuer will default or fail to meet its payment obligations. Generally, the lower a bond's credit rating, the higher the yield should be to compensate for the additional risk.

**Tower Foundation of San José State University  
(A California State University Auxiliary Organization)**

**Notes to Financial Statements**

---

**Note 4. Restricted Cash and Investments (Continued)**

**Concentration of credit risk:** The Policy of the Foundation contains certain limitations on the amount that can be invested in any one issuer and is listed above. The Foundation did not have any investments in any one issuer (other than U.S. Treasury securities, mutual funds and external investment pools) that represent 5 percent or more of the Foundation's total investments for the years ended June 30, 2018 and 2017.

**Custodial credit risk:** Custodial credit risk for deposits is the risk that the Foundation will not be able to recover its deposits in the event of a failure of a depository institution. In the ordinary course of the Foundation's operations, deposit balances in checking accounts can exceed the Federal Deposit Insurance Corporation (FDIC) insured limits. In accordance with the Foundation's investment policy, all certificates of deposit are FDIC-insured and limited to \$250,000 at any one institution.

Custodial credit risk for investments is the risk that if the counterparty to an investment transaction were to fail, the Foundation would not be able to recover its investment. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to indirect investment in securities through the use of mutual funds and government investment pools. U.S. Treasury issues and Federally Sponsored Enterprise issues are held by Securities Investor Protection Corporation-insured brokers and are not registered with the issuer in the Foundation's name.

**Note 5. Fair Value Measurement**

GASB Statement No. 72, *Fair Value Measurement and Application*, requires assets and liabilities to be measured at fair value and disclosures to be made on the fair value measurements, the level of fair value hierarchy, and valuation techniques. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, and disclosed in one of the following hierarchies:

**Level 1:** Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

**Level 2:** Inputs other than quoted prices in active markets for identical assets or liabilities, either directly or indirectly.

**Level 3:** Inputs that are unobservable in situations where there is little or no market activity for the asset or liability and significant to the overall fair value measurement.

Investments held by the Foundation are measured and recorded at fair value. The Foundation's valuation techniques used to measure the fair value of equity investments, mutual funds and miscellaneous other assets were derived from quoted prices in active markets, and they are categorized in Level 1 of the fair value hierarchy. The Foundation's Level 2 consists of real estate investment based on appraisal value. The value of the alternative investments is primarily based on the net asset value (NAV) of the underlying investments. The NAV is reported by the external investment managers in accordance with their policies as described in their respective financial statements and offering memoranda.

**Note 6. Administration Fees**

The Foundation charges an administrative fee of 5 percent to various colleges and departments within the University on all disbursements out of any expendable fund, with the exception of the scholarship fund. The grant accounts have administrative fees between zero and 10 percent. Administrative fees of \$1,086,371 and \$722,874 were charged by the Foundation for the years ended June 30, 2018 and 2017, respectively.

In addition, the Foundation charges an annual 2 percent administration fee for endowments with total gifts of less than \$1 million and 1 percent administration fee for endowments with total gifts of over \$1 million. The fees are calculated monthly based on the allocated market value of the total endowment portfolio. The Foundation charged the endowment funds \$2,155,484 and \$1,951,858 for the years ended June 30, 2018 and 2017, respectively.

**Note 7. Related-Party Transactions**

The Foundation is an auxiliary organization of the University dedicated solely to philanthropy. Accordingly, related parties of the Foundation include the University and other auxiliaries of the University.

At June 30, 2017, the Foundation received a pledge from Student Union, an affiliated organization, for \$3 million to fund a project on campus. The Foundation received the payment of \$3 million during fiscal year 2018.

The Foundation had receivables (payables) with related parties as of June 30 as follows:

	2018	2017
Receivable from the University	\$ -	\$ 141,714
Receivable from other affiliated organizations	-	3,000
	<u>\$ -</u>	<u>\$ 144,714</u>
Accrued expense payable to the University	\$ (139,789)	\$ (903,938)
Payable to other affiliated organizations	(190,553)	(51,538)
	<u>\$ (330,342)</u>	<u>\$ (955,476)</u>

**Note 8. Transfer of Assets**

San José State University affiliated organizations transferred \$312,106 and \$728,500 to the Foundation in 2018 and 2017, respectively. These transfers represent support to various campus programs.

**Note 9. Commitments and Contingencies**

As part of investments with ten private equity funds, the Foundation has committed to fund future capital calls for the funds in the amount of \$4,667,476 and \$5,484,116 at June 30, 2018 and 2017, respectively.

The Foundation has various commitments and is contingently liable in connection with claims and contracts arising in the normal course of its activities. Foundation management believes the outcome of such matters will not have a significant effect on the financial position or results of activities of the Foundation. Thus, no reserve has been reflected in the financial statements as of June 30, 2018 and 2017.

**Note 10. Retirement Plan and Postemployment Benefits**

The Foundation offers a defined contribution plan and postemployment medical benefits to eligible employees.

**Defined contribution plan:** The Foundation participates in the Teachers Insurance and Annuity Association-College Retirement Equity Fund (TIAA-CREF). TIAA-CREF provides annuities and other products for educational institutions.

TIAA-CREF provides employees with a 403(b) Plan. Foundation employees are eligible to participate in the plan immediately after hire, and the Foundation contributes 7 percent of the employee's base salary after one year of service.

The Foundation contributed \$73,527 and \$55,900 for the years ended June 30, 2018 and 2017, respectively.

**Postemployment benefits plan:**

**Plan description:** The Foundation provides lifetime retiree medical coverage to eligible employees and their dependents. Active employees who retire at age 60 or older with 10 or more years of continuous employment with the Foundation in the previous 20 years are eligible. The medical plan benefits are contracted with the California Public Employees' Retirement System (CalPERS) under the Public Employees' Medical and Hospital Care Act (PEMHCA).

**Funding policy:** The Foundation adopted entry age normal cost method prefunding prospectively. The entry age normal actuarial cost method, with the contributions determined as a percent of payroll, is a projected benefit cost method, which takes into account those benefits that are expected to be earned in the future, as well as those already accrued. The plan supports the use of a 6.00 percent interest rate and amortizes unfunded actuarial accrued liability over 30 years on a level dollar basis, with projected salary increases of 3.25 percent per year.

The Foundation has selected the equal contribution method, where it is obligated to contribute the same amount for retirees as contributed toward the active employees' medical plan coverage. The Foundation currently pays the employees' medical plan premiums for employees and their dependents at a rate approved by the board of directors.

During the year ended June 30, 2012, the Foundation entered into a benefit plan as a vehicle for operating its Other Postemployment Benefit Obligations (OPEB). When the agreement was signed to enter this plan, the Foundation fully funded its previous actuarial accrued liability that was outstanding at June 30, 2011. The assets of this new plan are held in a separate VEBA trust with a registered investment company. A copy of the plan's financial statements can be requested from the Foundation.

The Foundation has voluntarily opted for a funding policy under which it will contribute 100 percent of its actuarially determined annual required contribution. The Foundation had no OPEB liability at June 30, 2018 and 2017.

**Note 11. Subsequent Events**

In preparing the financial statements, the Foundation has evaluated events and transactions for subsequent event disclosure through September 25, 2018, the date of the auditor's report.
