

# DIVERSITY DIALOGUES

# AFFIRMATIVE

# ACTION

The Office for Equal Opportunity invites you to participate in a dialogue about Affirmative Action at San José State University. Participants will have the opportunity to discuss past implications of Affirmative Action for SJSU as well as implications for the future.

Our third lecture in a series of events for the Spring semester, Diversity Dialogues are an opportunity for participants to explore topics that are unfamiliar to them or that are generally considered difficult to address. This will be done through a facilitation process that allows participants to inform and learn from one another while building mutual understanding. Diversity Dialogues welcomes students, faculty and staff to join in the conversation.

**Lunch will be provided.**
