Visit <http://asiflex.com/DebitCards.aspx> to learn how the card works and how to use it.

TIPS FOR SELECTING A HEALTH PLAN

You may want to consider factors such as access to doctors, range of benefits, cost of services, monthly premiums, restrictions to specific groups of doctors, referral and authorization by a primary care physician (PCP), and access to specialist or prescription drugs and restriction on a plan formulary or list of preferred drugs.

Other tips to keep in mind:

- Identify your needs and the needs of your family members.
- Understand the basics of how your health plan's network is managed e.g., whether it's a PPO, EPO or HMO plan (See page 7).
- Consider your out-of-pocket costs, as well as copays for prescription drugs, office visits, lab tests and hospitalization.
- Review your health plan availability by county and ZIP code.
- Review the health plan's covered benefits and exclusions.
- Consider any life changes that may occur during the upcoming year.
- Consider coverage if you travel or have a dependent in college in another state.

EXPLORING WELLNESS AT THE CSU

In partnership with our vendors providing health, dental, vision, employee assistance program and financial wellness, the CSU is committed to promoting a culture of wellness through healthy lifestyles that enhance the quality of life for our faculty and staff.

Wellness is a lifestyle that integrates body, mind and spirit. The CSU encourages faculty and staff to participate in programs, activities and services that contribute to their wellness and the wellness of CSU communities.

Featured below are the wellness programs that employees may participate in. Good health is more than not being ill, it's also a dynamic state of well-being that acknowledges the importance and inseparability of wellness. Check with your campus human resources/benefits office for further details about these programs.

Emotional Wellness— How you feel

CSU campuses provide Employee Assistance Programs (EAPs) to both staff and faculty. EAPs provide free, confidential counseling and referral services. Eligible employees have 24-hour access to confidential services that support emotional well-being, safety and productivity in the workplace.

Physical Wellness— How you live

CSU health plans offered through CalPERS feature many programs and classes that promote a healthier you. Many CSU campuses have wellness programs that encourage healthy living and eating.

Intellectual Wellness— How you think

CSU faculty and staff have access to programs designed to enhance professional development, expand knowledge and improve skills. The CSU Fee Waiver and Reduction Program, which was established in 1975, provides CSU employees and their eligible dependents the opportunity to attend classes at CSU campuses at reduced rates. Fee waiver courses include undergraduate, graduate, credential, online and summer term courses if they are state-supported.

Occupational Wellness— How you perform

The CSU supports occupational wellness by assisting employees in their career development. At the CSU, Learning and Development provides options for employees to expand their job-related learning. We believe learning is a lifelong process that can enhance employees' personal and professional development. Learning and Development offers a myriad of self-paced e-learning courses, books, videos and on-the-job training that allows employees to grow and potentially advance in the workplace.

Financial Wellness— How you manage your finances

Financial wellness is a critical part of employee well-being because money can be a huge source of anxiety. The CSU offers many programs to help employees become financially fit. They include CalPERS retirement, income protection benefits (including life insurance and disability) and investment options for future financial security through the CSU Supplemental Retirement Plan 403(b) Program. Fidelity Investments offers employees free personalized financial counseling and helps with maximizing retirement savings and other financial goals.

ELIGIBILITY

VISION PLANS

The California State University's Vision Service Plan (VSP)— Basic and Premier

Vision Service Plan (VSP)

The CSU automatically provides the Basic plan for eligible employees and their families at no cost to the employee. Employees also have the option to upgrade to the Premier plan for a small monthly fee.

Vision Plan Overview Basic and Premier Plans

Eye exams are an important part of overall health care for the entire family. The Vision Benefits Summary on the next page may help you decide which plan best fits the needs of you and your family.

The VSP offers a large network of contracting providers, including optometrists and ophthalmologists. When a contracting network provider is used, the care is considered “in-network.” Out-of-pocket costs will be less, and the highest level of benefits is received. If a provider outside the network is used, the care is considered “out-of-network.” Coverage is still provided, but the out-of-pocket costs will be significantly higher.

Which Plan Is Right for You?

The plans utilize the VSP network of providers, but your out-of-pocket costs associated with the plans will vary. Use the Summary to determine which plan suits your vision needs.

The best vision plan for you depends on several factors:

- What are your anticipated vision expenses for 2021?
- What can you afford to pay out of pocket (in terms of copayments) when vision care is needed?
- Do you have other vision insurance?

Premier Plan Eligibility

Eligibility requirements are the same across all plans (health, dental and vision) and defined in this guide under Eligibility. However, unlike with health and dental, the Premier Plan requires all dependents to also be enrolled in the Premier Plan coverage or they will lose their Basic vision coverage. You cannot enroll in the Basic and Premier vision plans at the same time or split enrollments by leaving any dependents in the Basic vision plan.

Monthly Cost of Coverage

Enrolled Employee and Eligible Dependents	Basic Plan	Premier Plan
Employee Only	\$0	\$4.11
Employee + One	\$0	\$15.32
Employee + Family	\$0	\$28.99

California State University (CSU) 403(b) Supplemental Retirement Plan (SRP)

The CSU provides you the opportunity to participate in the 403(b) Supplemental Retirement Plan (SRP). The SRP is a voluntary program that can help you save money on taxes, invest in your future and supplement your income in retirement. By contributing into the CSU 403(b) SRP, you can improve your chances of reaching your retirement goals.

Whether retirement is a long way off or right around the corner, by participating in the CSU 403(b) SRP, you could make a big difference in preparing for your future. Start with what you can and build from there. The important thing is that you start!

Two ways you can contribute:

Pretax Contributions Option

Save for retirement by investing monthly pretax contributions in tax-deferred accounts. Pretax contributions mean more savings go toward your retirement goals than after-tax savings.

Roth (After-Tax) Option

Unlike a traditional pretax 403(b), a Roth 403(b) allows you to contribute after-tax dollars and then withdraw tax-free dollars from your account when you retire.

Advantages of saving in the CSU 403(b) SRP:

- Easy and convenient—Contributions are automatically deducted from your pay.
- Tax-advantaged—Both pretax and Roth options available.
- Variety of investment options—It's easy to find an investment strategy that helps you meet your goals.
- Guidance and education—Free consultations with Fidelity retirement planners are available at all 23 campuses.
- Time is an asset—The sooner you start saving toward retirement, the more you benefit from compounding interest.
- Consolidate your retirement assets—Your campus Fidelity retirement planner can assist you in rolling over your balances from previous employers or your other CSU 403(b)s.

8. What happens if I miss the Open Enrollment period or if I fail to enroll during my first 60 days of employment as a new hire?

If you have not previously been enrolled in health coverage through CSU and have not provided proof of other coverage, HIPAA offers two provisions—Special Enrollment and Late Enrollment—for employees and their eligible family members to enroll in a CalPERS health plan outside of the initial enrollment period and the Open Enrollment period.

Special enrollment must be requested within 60 calendar days of one of the following qualifying events:

- Loss of other non-CalPERS coverage
- Marriage/registered domestic partnership
- Birth/adoption
- Court-ordered coverage
- Divorce/termination of registered domestic partnership

Late enrollment allows an employee to request enrollment if they declined or canceled enrollment for themselves or their eligible dependents and the special enrollment exceptions do not apply. Late enrollment is applied as follows:

- A 90-day waiting period is required.
- The effective date of enrollment will be the first of the month following the 90-day waiting period after required documentation has been provided to the campus benefits office.

Employees on leave of absence during Open Enrollment may change plans and add/delete dependents. Employees who do not change plans and add/delete dependents during the Open Enrollment period may do so within 60 days of the date they return to regular pay status.

9. Who do I contact with additional questions?

Please direct any questions to your campus benefits office.
