OPEN ENROLLMENT 2020

September 21 - October 16, 2020

Open Enrollment is your opportunity to review your benefits to ensure they meet your family's needs. This year, multiple resources have been provided for our active CSU employees to review and determine their benefits plans and programs.

Again this year, the Open Enrollment brochure and rate sheet are posted on CSYou, along with the plans and benefit providers, your campus fair date and HR contacts. Here you'll also find a link to [register](#) to participate in the Open Enrollment *VIRTUAL EXPERIENCE!*

Offered exclusively for CSU employees, this new website provides resources for current benefits, plans and provider information. It will also host your campus virtual *LIVE Benefits Fair*, staffed by your local HR team and benefit providers. During this live event, you'll be available to chat with them to answer your questions about your plan options, choices and changes for the upcoming year. And you could win a prize!

To participate in the new website and your campus LIVE Benefits Fair, you [must register](#) for access to the platform with an email address, phone number and your name. No other personal information is collected or used for any purpose other than accessing the virtual Open Enrollment platform. It will be used during the entire Open Enrollment period.

So make sure you enroll or make changes for your upcoming annual benefits. Your local campus HR team is available to answer any questions you may have about your benefits for the upcoming year.

Register now - we look forward to seeing you at your LIVE Benefits Fair!
