## About the Position

Are you passionate about sports, like to travel and want to make a difference for an athletic department? If so, the Intercollegiate Athletics program at San José State University wants you! The [Intercollegiate Athletics](#) program is comprised of 16 NCAA teams that compete all throughout the U.S. Under supervision of the Head Athletic Trainer, the Assistant Athletic Trainer II will perform the full range of clinical athletic training functions, which involves the planning, organization and delivery of daily athletic training services to student athletes. Incumbents are expected to have greater expertise in making clinical judgments regarding injuries and treatment, and are more involved in the development and organization of the sports medicine program.

Responsibilities include, but are not limited to:

- Coordinate athletic training programs and assist in program development, including coordinating training room operations.
- Develop and administer rehabilitation programs for athletic injuries, including assisting in scheduling and assigning students for therapy.
- Provide direction and training to less experienced Athletic Trainers.
- Assist in developing and monitoring the program budget.
- Prevent, recognize, assess and treat athletic injuries.
- Consult with Head Athletic Trainer, physicians and other health professionals on injuries and treatment plans; communicate with coaching staff and student athletes on status of injuries and treatment plans.
- Attend practices and athletic events to provide medical emergency coverage to student athletes and travel with teams to away competitions as needed.
- Maintain equipment and cleanliness of the athletic training and rehabilitation facilities.
- Maintain appropriate medical records of injuries, treatment plans and progress.
- Provide support to athletic training curriculum by monitoring the work of student interns/trainers.

## Qualifications

Bachelor's degree in athletic training, physical education, kinesiology or related field of study is required. Master's degree in athletic training or related field of study is preferred. Two years of experience as a certified Athletic Trainer in a high school or college environment is required. Must possess and maintain BOC (Board of Certification for the Athletic Trainer) certification. In addition, the incumbent is required to possess and maintain certification in CPR/AED for the Professional Rescuer and first aid.

The ideal candidate will possess the following knowledge, skills, and abilities:

- Demonstrate the leadership, organizational, and administrative skills involved in coordinating an athletic training and sports medicine program; Strong interpersonal and communication skills.

- General knowledge of the principles and practices of Athletic training including conditioning and injury prevention, as well as injury assessment and rehabilitation.
- Knowledge of the full range of therapeutic modalities and their practical use and physiological basis; other therapeutic preventions and treatments such as taping, bracing, and massage; effective use of rehabilitation and exercise equipment.
- Be familiar with and adhere to rules, regulations and guidelines established by the National Collegiate Athletic Association (NCAA) pertaining to student-athletes, their training sports medicine care, health and safety.
- Knowledge of Occupational Safety and Health Administration (OSHA) standards for handling Blood Borne Pathogens.
- Ability to recognize life threatening situations and administer the appropriate emergency aid.

The incumbent must be able to lift coolers of water and/or ice up to 60 lbs.

### **Required Application Material**

- Résumé
- Letter of interest
